

(Junior) Magento Developer (m/w)

Onedirect is looking for a (Junior) Magento Developer who will be responsible for developing, maintaining and optimizing the structure of our International E-commerce Platform as well as for executing on business unit/stakeholders requests to improve usability and functionalities.

He will be part of our internal team of developers and supported by a project manager/scrum master to ensure a fluid and productive execution of stories/tasks.

We are looking for a candidate who is passionate about new technologies and willing to drive/contribute to the company digital innovation.

Required skills

- Experience in Magento2, using best-practices extension building approaches
- A strong knowledge of PHP, using modern approaches to maintainable and flexible systems (e.g., MVC, service-oriented architectures, unit/functional testing etc.)
- Knowledge of website design, usability and functionality, and a strong knowledge of HTML/HTML5 and CSS/CSS3
- Knowledge of JavaScript (incl. frameworks like jQuery etc.)
- Knowledge of SAAS & NodeJS
- MySQL
- Git source code management

Highly advantageous skills

- Knowledge in PHP Frameworks (like ZendFramework, Yii, Laravel, Symfony, etc.)
- Experience/knowledge in Jenkins
- Knowledge of Knockout JS & LESS
- Server/system administration (mostly Linux + AWS architecture/services))
- Angular JS

Other Requirements

- Experience working with agile methodologies as part of development teams.
- Strong interpersonal/communication skills – ability to work collaboratively with teams and different functions
- Proactive, committed and passionate to advance
- Analytical, problem solving and creativity skills; able to pick up new data tools/concepts quickly and excited about international business experience
- A firm understanding and flair to explore and utilize the latest web technologies and best practices
- Fluent in written and oral English

We offer:

- Attractive central location in the centre of Barcelona
- Permanent contact (3 month probation period)
- Innovative start-up atmosphere embedded in a well-functioning and strongly growing business model
- Salary Dependent on level of experience

Please send your application to Mr. Stein via hr@onedirect.com with your salary expectations and your earliest possible starting date.

We look forward to receiving your application!
